

Go Job Search!

Introduction:

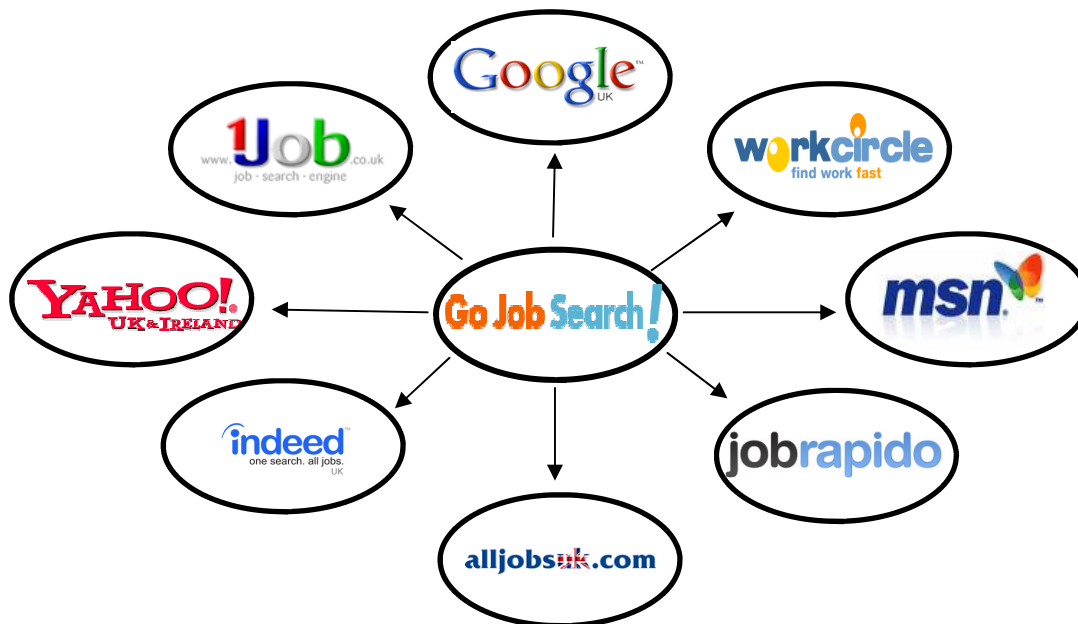

Go Job Search is a cost effective job advertising medium system which has a powerful job marketing, SEO, Job Syndication and response track record. Not only are your jobs optimised to appear in top ranked searches on major search engines like Google, we also syndicate your jobs on to a number of other websites that receive highly targeted, high volume candidate traffic, increasing your vacancy exposure.

Why use Go Job Search?

- Your jobs are optimised to appear in top search engine positions making them easy to find.
- Your jobs are syndicated on to the job search engine portfolio below which receive millions of visitors.
- Enter your job once and get immediate job coverage on a network of **over 30** partner websites and up to 44 targeted industry specific niche sites.
- We encourage our clients to provide feedback to expand our website network coverage in niche market areas.
- Advertise unlimited vacancies for **FREE** every month.
- Advertise your jobs for as long as you want—the longer your requirements are online, the better!
- Full customer support and training provided to make sure you get the best out of Go Job Search.
- We adapt our advertising and marketing efforts based on the jobs which are current on our system.
- Go Job Search is run by a team of experienced e-recruiters and recruitment / job board search engine specialists to maximise your job coverage and brand awareness!

Where will my jobs be seen?

Go Job Search !

What do current clients have to say?

"Go Job Search has quickly become established as a key advertising tool for ASTUTE. The site is user friendly, easy on the eye, and covers a range of technical disciplines. Most encouraging for us is the calibre of CVs we have received, in direct response to our advertisements. We have successfully filled vacancies from Go Job Search CVs and can see the site going from strength to strength, becoming a "must have" tool for Recruitment Consultancies."

Darren Simmons, Operations Director, ASTUTE Technical Recruitment Ltd, February 2008
